About This Game

THE LOST SERGEANT is based on some old schools games like Resident Evil 1/2. THE LOST SERGEANT is a strange place. A twisted reality. A nightmare that comes to life. A place where monsters manifest and possess the living with only one goal: to end you. Nothing wants you here. And there is no way out. Unless you'll find THE LOST SERGEANT.

Play alone or in a group of up to 10 players and play different game modes.Work as a team, Help each other, use weapons and destroy the enemies to survive as long you can.

Main Features

Third Person Shooter Gameplay Features

The game resurrects the old-school Third Person action shooter gameplay. Combined with deadly monsters and modern features that encourage playing to stay alive in a harsh and deadly environment.

Play in 2 different Game Modes

If you want a different experience besides the Single-Player, you can also select alternative Game Modes that may suit your style a bit more. Zombies horde is structured as a hordes mode where you have to keep your legs running and survive with or without your friends against a lot of enemies who want your life to go away.

Find Weapons To Shoot Better

There will be two classes of guns. The marines will have a Beretta and a Galil available to destroy the zombies, with unique recoil and damage.

Play The Single-Player Storyline

You don't just get multiplayer. You will get the single-player campaign too.So let's go save THE LOST SERGEANT

Know the Unknown Mysteries that THE LOST SERGEANT holds
